If you have tested professionally, you are welcome to send laser copies of your book and if you are already represented by a professional model management agency in your hometown or elsewhere, you may want to first ask your agency to contact us on your behalf. It is customary for your "mother agent" to arrange your placement with agencies in other markets. For pictures: Stand in front of a white wall; make sure you have good lighting; wear a bathing suit, no makeup, and pull your hair back off your face; no posing; and be sure to get your head and toes in the picture. Attach photographs to the second page as illustrated and be sure to label the back of each photo with your name and phone number. The photos you send us cannot be returned.
